#### **INDEPENDENT AUDITOR'S REPORT**

Board of Directors Truckee Cemetery District Truckee, California

We have audited the accompanying financial statements of the governmental activities of the Truckee Cemetery District as of and for the years ended June 30, 2017 and June 30, 2016, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express opinions on these financial based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the State Controller's Minimum Audit Requirements for California Special Districts. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments; the auditor considers internal considers internal control relevant to the entity's appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall financial statement presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Opinions

In our opinion, based on our audit, the financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities of Truckee Cemetery District as of June 30, 2017 and June 30, 2016, and the changes in financial position thereof, for the year then ended in accordance with accounting principles generally accepted in the United States of America as well as accounting systems prescribed by the State Controller's Office and state regulations governing special districts.

#### **Other Matters**

Accounting principles in the United States of America require that the management's discussion and analysis, and the budgetary comparison information as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not part of the basic financial statements, is required by the Government Accounting Standards Board, who considers it to be essential part of financial reporting for placing the basic financial statement in an appropriate operational, economic, or historical context.

Management has elected to omit the management's discussion and analysis. Our opinion on the basic financial statements is not affected by the missing information.

We have applied certain limited procedures to the budgetary comparison information presented on pages 17 and 18 in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2017 AND JUNE 30, 2016

#### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### A. Reporting Entity

The Truckee Cemetery District, the "District", was formed under the California Health and Safety Code to provide and maintain burial grounds for residents in the geographical area covered by the District. The District is an autonomous special district of the State of California operating in Nevada County, and is governed by a five member board of Trustees. These financial statements encompass all fiscal activities conducted by the District.

#### **B.** Basis of Presentation

#### **Government-wide Financial Statements**

The statement of net position and statement of activities display information about the reporting government as a whole. They include all funds of the reporting entity except for fiduciary funds. The statements distinguish between governmental and business-type activities, if any. Governmental activities are financed through taxes, intergovernmental revenues and other nonexchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services. The District does not have business-type funds.

#### Fund Financial Statements

Fund financial statements of the reporting entity are organized into funds, each of which is considered to be separate accounting entities. Each fund is accounted for by providing a separate set of self-balancing accounts that constitute its assets, liabilities, fund equity, revenues and expenditures/expenses. Funds are organized into three major categories; government, proprietary, and fiduciary. An emphasis is placed on major funds within the governmental and proprietary categories. A fund is considered major if it is the primary operating fund of the District or meets the following criteria.

- 1. Total assets, liabilities, revenues or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type; and
- 2. Total assets, liabilities, revenues, or expenditures/expenses of the individual governmental fund or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

#### NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2017 AND JUNE 30, 2016

#### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### C. Description of Funds and Account Groups

The accounts of the District are organized on the basis of funds, each of which is considered to be a separate set of self-balancing accounts which are comprised of each fund's assets, liabilities, fund equity, revenues and expenditures. Government resources are allocated to and for individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled. The various funds are grouped, in the financial statements in this report, into the following fund types:

#### **GOVERNMENT FUNDS**

**General Fund:** The General Fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund. **Endowment Fund:** The Endowment Fund accounts for endowment fees collected by the District on grave sales which are permanently restricted, and interest earned on endowment funds which are unrestricted.

#### D. Measurement Focus and Basis of Accounting

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" revenues and expenditures or expenses are recognized in the accounts and reported in the financial statement regardless of the measurement focus applied

#### Measurement Focus

On the government-wide Statement of Net Position and the Statements of Activities, governmental activities are presented using the "economic resources" focus as defined in item 2 below.

In the fund financial statements, the "current financial resources" measurement focus or the "economic resources" measurement focus is used as appropriate:

#### NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2017 AND JUNE 30, 2016

#### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### D. Measurement Focus and Basis of Accounting (continued)

1. The "current financial resources" measurement focus is used when accounting for all governmental funds. With this measurement focus, only current assets and current liabilities generally are included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.

2. The accounting objectives of the "economic resources" measurement focus are the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. All assets and liabilities (whether current or noncurrent) associated with the operation of these funds are reported.

#### **Basis of Accounting**

In the government-wide Statement of Net Position and Statement of Activities, governmental accounting activities are presented using the accrual basis of accounting. Revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset is used. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange transactions are recognized when the exchange takes place.

In the fund financial statements, governmental funds are presented on the modified accrual basis of accounting. Revenues are recognized in the accounting period in which they become available and measurable. Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or soon enough thereafter to pay current liabilities. The District defines "available" to mean collectible within 60 days after the year end. Expenditures (including capital outlay) are recorded when the related fund liability is incurred.

#### E. Net Position and Fund Balance

The difference between fund assets and liabilities is called "net position" on the district-wide financial statements and it is called "fund balance" on the governmental fund statements.

The district-wide financial statements have the following categories of net position:

**"Investment in capital assets, net of related debt"** represents capital assets, net of accumulated depreciation reduced by the outstanding principle balances of debt attributed to the acquisition, construction, or improvement of those assets.

**"Restricted"** includes amounts that can be spent only for specific purposes as stipulated by law, external resource providers, contract, or through enabling legislation. **"Unrestricted"** are neither restricted nor invested in capital assets, net of related debt.

#### NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2017 AND JUNE 30, 2016

#### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### E. Net Position and Fund Balance (continued)

In accordance with provisions of Governmental Accounting Standards Board (GASB) Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, the governmental fund financial statements have the following categories of fund balance:

"Nonspendable" represent amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact. The District had unspendable funds at June 30, 2016 in the amount of \$3,653.
"Restricted fund balance" includes amounts that can be spent only for specific purposes as stipulated by law, external resource providers, contract, or through enabling legislation.
"Committed fund balance" include amounts that can be spent only for specific purposes determined by a formal action of the District's governing body.
"Assigned fund balance" includes amounts that are intended to be spent by the District for specific purposes but do not meet the criteria to be classified as restricted or committed.
"Unassigned fund balance" is the residual classification for the District's general fund and includes all spendable amounts not contained in the other classifications.

In the implementation of this statement, the District restated fund balances for all periods presented.

When an expense is incurred for purposes for which both restricted and unrestricted resources are available the District's policy is to use restricted resources first.

#### F. Budgets and Budgetary Accounting

The District operates under the general laws of the State of California and annually adopts a budget to be effective July 1 for the ensuing fiscal year.

Formal budgetary integration is employed as a management control device during the year for the general fund. The level of control (level at which expenditures may not exceed budget) is the fund.

Unused appropriations for the above annually budgeted fund, lapse at the end of the year. Budgeted amounts are the original authorized amounts. There were no revisions during the year. Actual revenues and expenditures can be compared with related budgeted amounts without any significant reconciling items for the general fund.

#### NOTES TO THE FINANCIALSTATEMENTS JUNE 30, 2017 AND JUNE 30, 2016

#### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### G. Use of Estimates

The preparation of the general purpose financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affects the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the general purpose financial statements and the reported amount of revenue and expenditures or expenses during the reporting period. Actual results could differ from those estimates.

#### NOTE 2: PROPERTY TAXES

Property assessments are attached as an enforceable lien on real property as of January 1. Assessments are levied on July 1 and are payable in two installments on November 1 and February 1. The County of Nevada bills and collects the assessments and subsequently remits the allocated amount due to the District through the County Auditor-Controller's office in installments during the year.

The County of Nevada has elected into the Teeter Plan for property tax distributions. Therefore, the District receives 100 percent of the secured property tax levies to which it is entitled, whether or not collected. Unsecured delinquent taxes are considered fully collectible and no allowance for uncollectible taxes is provided.

Property taxes are accrued as receivable in the period when they are levied. Property tax revenues are recognized when they become available. "Available" means due, or past due, and receivable within the current period and collected or expected to be collected soon enough thereafter to be used to pay liabilities for the current period. This period was 60 days from the end of the fiscal year.

#### NOTE 3: CASH AND INVESTMENTS

The District considers all cash, bank accounts and investments with a maturity of three months or less to be cash equivalents. The Districts cash for the years ended June 30, 2017 and June 30, 2016 are summarized below:

	June 30, 2017	June 30, 2016
Cash in bank	\$ 77,608	\$ 73,292
Cash in county treasury	318,536	257,292
Petty cash	200	200
Total cash and cash equivalents	<u>\$ 396,344</u>	<u>\$ 330,784</u>

#### NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2017 AND JUNE 30, 2016

#### NOTE 3: CASH AND INVESTMENTS (continued)

**Investments:** The District maintains most of its cash and investments with the Nevada County Treasurer in an investment pool. On a quarterly basis the Treasurer allocates interest to participants based upon their average daily balances. Required disclosure information regarding categorization of investments can be found in the County's financial statements, which were audited by other auditors. These investments are not categorized since these funds and pools contain a diversified portfolio of securities within each category as defined below.

The District maintains most of its restricted endowment fund and other unrestricted, designated funds in a Wells Fargo brokerage account invested in cash and taxable bonds, under category 1.

**Category 1** includes investments that are insured or registered or for which collateral is held by the District or its agent in the District's name.

**Category 2** includes uninsured and unregistered investments for which the securities are held by the broker or dealer or its trust department in the District's name.

**Category 3** includes unsecured and unregistered investments for which securities are held by the broker or dealer or by its trust department or agent but not in the District's name.

The activity in the Wells Fargo accounts for the years ended June 30, 2017 and June 30, 2016 was as follows:

	6/30/2017		6/30/2016

#### NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2017 AND JUNE 30, 2016

#### NOTE 4. CAPITAL ASSETS AND DEPRECIATION

Capital assets purchased or acquired with an original cost of \$500 or more are reported at historical cost or estimated historical cost. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

Structures and Improvements	20-40 years
Equipment	5 years
Infrastructures	40 years

GASB Statement No. 34 requires the District to report and depreciate infrastructure assets. Infrastructure assets include roads, underground pipe, etc.

The following is a summary of changes in the capital assets of the District for the year ended June 30, 2017:

Depreciation expense for the fiscal year ended June 30, 2016 was \$15,441 and is charged to the cemetery services function in the Statement of Activities.

#### NOTE 5. RISK MANAGEMENT

The District is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

There is no claims liability to be reported based on the requirements of Government Accounting Standards Board Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated.

There have been no significant reductions in insurance coverage from prior years and there have been no settlements exceeding the insurance coverage for each of the past three years.

#### **General Liability Coverage**

The District carries a commercial general liability, errors and omissions, and auto liability insurance policy with coverage of \$250,000 per occurrence and an aggregate per coverage of \$250,000.
